## T-shirt Gun:

Will use on float for 4<sup>th</sup> of July parade. We have t-shirts to give to cheerleaders to use for gun.

## Spudder Car:

We had problems with the car and a mechanic was necessary to look at it. The car was not complete much to the amazement of the Boosters. We were under the impression that it was in good running condition and complete. We later found out that it was not running but that it was dirty and smelly. The Booster's have decided to make it right. We will in future dealings with the Spudder car have the student come to each meeting and give updates along with us inspecting it and approving it for the give away.

## Concessions:

Cyndie disappointed with the mock trial team having only 5 students to show up for clean up on June 3<sup>rd</sup> for concession clean up. They earned only 5 credits. 10 students were scheduled to report to help and only 5 showed.

Bob Meek's group also needs to fulfill their slots to Boosters

Groups are requesting to work concessions. Ideas are to let multiple groups run concessions rather than just one group so we can even out the slots to others.

Cheerleading has 14 slots will 10 to start parent group and will then lose the other 4 because of the 2 year time limit.
